

**Allianz Medical Expert (AME) - our automated underwriting tool:**

We may use an automated medical underwriting tool to determine whether we can provide cover to you and if so, on what terms. This tool is used to process personal and medical information you provide us in order to calculate the cost of your International Healthcare cover. Without this information we are unable to calculate the premium for your insurance which is relevant to your needs.

We regularly assess the way our automated underwriting tool works to ensure we continue to offer a fair assessment. This assessment is based on the plans you select and on the personal and medical information you provide to us on this application.

**Permission to automate the underwriting decision**

By ticking this box you accept and agree that Allianz Care may use an automated medical underwriting tool to evaluate your personal and health data in order to make the underwriting decision on the risks to be insured. This is performed in accordance with GDPR guidelines on the processing of data using an automated underwriting tool.

Once the automated underwriting decision has been made, you have the right to request that we reconsider our decision which will involve a review by our medical underwriting team. If you wish to invoke this right please contact us at [underwriting@e.allianz.com](mailto:underwriting@e.allianz.com)

**What will happen next:**

1. Once you have sent us your application, our Medical Underwriting Team will review the details.
2. If you have told us about any medical conditions, we may ask you for more information. We will then assess the information and get back to you with our decision as quickly as possible.
3. If any person applying for cover is undergoing dental treatment, please ensure that you complete a dental questionnaire as well. This can be downloaded from our website: [www.allianzcare.com/en/UK/EI](http://www.allianzcare.com/en/UK/EI)

## 5 Pre-existing medical conditions

### If you are applying for a policy with full medical underwriting:

Pre-existing conditions are medical conditions for which one or more symptoms have appeared at some point during your or your dependants' lifetime. This applies regardless of whether you or your dependants sought any medical advice or treatment.

We would deem any such condition to be pre-existing if we could reasonably determine that you or your dependants have known about it. Your policy will cover pre-existing conditions unless we tell you otherwise in writing.

We will also treat as pre-existing any medical conditions that arise between the date you complete the Application Form and the later of the following:

- The date we issue your Insurance Certificate, or
- The start date of your policy.

Pre-existing conditions will be subject to full medical underwriting and if they are not disclosed, they will not be covered. **Therefore, it is important that in the periods outlined above, you inform us if there is any change to your and your dependants' health status or to any material facts (facts likely to influence our assessment and acceptance of this application).** In addition, you will need to provide further information, if requested.

If you already have one of our healthcare plans and are applying for a cover upgrade or for a new policy, please tell us about any medical conditions you have claimed for since joining us.

### If you are applying for a policy with moratorium:

As you are applying for a policy with moratorium terms, we want to clarify the conditions and procedures that will apply to your moratorium cover. Please ensure that you read the definition below which summarises how the moratorium will work – the full terms and conditions are detailed in the Benefit Guide.

Moratorium (MORI) is a waiting period of 24 months from either your start date or the date shown in the special terms section of your Insurance Certificate that must have passed before claims for any pre-existing medical conditions may become eligible under the plan.

Your claim will not be paid if it's relating to a pre-existing medical condition, should one or more of the following have applied within the 24-month period before your start date (or the date shown in your Insurance Certificate):

- It could be reasonably foreseen that the medical condition would occur after your start date.
- The condition clearly showed itself.
- You had signs or symptoms of the condition.
- You asked for advice about the condition.
- You received treatment for the condition.
- To the best of your knowledge, you were aware you had the condition.

Once you've completed a continuous 24-month period after your date of joining, we may cover your pre-existing medical condition provided you've not had symptoms, needed or received treatment, medication, a special diet or advice, or had any other indications of the condition.

## 6 Your health
