Plans for Indonesia

Before you start, please consider that:

- You must complete the Application Form in full and tell us all relevant information.
- If you choose to complete a printed version of this form, **PLEASE COMPLETE IT IN BLOCK CAPITALS**.
- If you already have one of our healthcare plans and you are applying for a cover upgrade or for a new plan, please tell us about any medical conditions you have claimed for since joining us.
- The policyholder must sign Section 7.
- All adult applicants must sign Sections 8 and 11. In line with the European General Data Protection Regulation (GDPR), we won't be able to process your application without these signatures. A parent or guardian should complete these sections for any applicants under the age of 18.
- All adult applicants wishing to appoint a broker as the main point of contact for this policy must sign Section 9.

Just for clarity...

You will see that we often refer to the following phrases in this form. This is what we mean:

Home country: A country for which you (or your dependants, if applicable) hold a current passport or which is your principal country of residence.

Principal country of residence: The country where you and your dependants (if applicable) live for more than six months of the year.

Please select your policy terms by ticking the relevant box below:

- Moratorium Terms*
- Full Medical Underwriting Terms**

* Moratorium Terms

refer to a waiting period of 24 months from either the start date or the date shown in the special terms section of the Insurance Certificate that must have passed before claims for any pre-existing medical conditions may become eligible under the plan. This includes the underwriting term CPME/CTT previously MORI. Once the insured members have completed a continuous 24-month period after their start date, their pre-existing medical condition may be covered, provided that they have not had symptoms, needed or received treatment, medication, a special diet or advice, or had any other indications of the condition.

** Full Medical Underwriting Terms

refer to the assessment of insurance risk based on information that you give us when applying for cover. Our underwriting team uses this information to decide the terms of our offer.

If you are applying for a policy with moratorium, the below doesn't apply to you so you can skip to Section 1.

What will happen next:

- 1) Once you have sent us your application, our Medical Underwriting Team will review the details.
- 2) If you have told us about any medical conditions, we may ask you for more information. We will then assess the information and get back to you with our decision as quickly as possible.
- 3) If any person applying for cover is undergoing dental treatment, please ensure that you complete a dental questionnaire as well. This can be requested by calling our Helpline.

1 Applicant details (The applicant will be the policyholder)

Your contact details will also be used to communicate with you on important things regarding your policy. You must tell us if your contact details change over time, so we can ensure that correspondence reaches you.

We will consider applicants for cover up to the day before their 76th birthday if applying for a policy with full medical underwriting, or up to the day before their 65th birthday if applying for a policy with moratorium.

5 Pre-existing medical conditions

If you are applying for a policy with full medical underwriting:

Pre-existing conditions are medical conditions for which one or more symptoms have appeared at some point during your or your dependants' lifetime. This applies regardless of whether you or your dependants sought any medical advice or treatment.

We would deem any such condition to be pre-existing if we could reasonably determine that you or your dependants have known about it. Your policy will cover pre-existing conditions unless we tell you otherwise in writing.

We will also treat as pre-existing any medical conditions that arise between the date you complete the Application Form and the later of the following:

- The date we issue your Insurance Certificate, or
- The start date of your policy.

Pre-existing conditions will be subject to full medical underwriting and if they are not disclosed, they will not be covered. **Therefore, it is important that in the periods outlined above, you inform us if there is any change to your and your dependants' health status or to any material facts (facts likely to influence our assessment and acceptance of this application).** In addition, you will need to provide further information, if requested.

If you already have one of our healthcare plans and are applying for a cover upgrade or for a new policy, please tell us about any medical conditions you have claimed for since joining us.

If you are applying for a policy with moratorium:

As you are applying for a policy with moratorium terms, we want to clarify the conditions and procedures that will apply to your moratorium cover. Please ensure that you read the definition below which summarises how the moratorium will work – the full terms and conditions are detailed in the Benefit Guide.

Moratorium (MORI) is a waiting period of 24 months from either your start date or the date shown in the special terms section of your Insurance Certificate that must have passed before claims for any pre-existing medical conditions may become eligible under the plan.

Your claim will not be paid if it's relating to a pre-existing medical condition, should one or more of the following have applied within the 24-month period before your start date (or the date shown in your Insurance Certificate):

- It could be reasonably foreseen that the medical condition would occur after your start date.
- The condition clearly showed itself.
- You had signs or symptoms of the condition.
- You asked for advice about the condition.
- You received treatment for the condition.
- To the best of your knowledge, you were aware you had the condition.

Once you've completed a continuous 24-month period after your date of joining, we may cover your pre-existing medical condition provided you've not had symptoms, needed or received treatment, medication, a special diet or advice, or had any other indications of the condition.

6 Your health

Please answer the following questions based on your own and your dependants' full medical history. You must disclose all material facts (i.e. facts likely to influence our assessment and acceptance of this application). If you are in any doubt about whether a fact is material, then you should disclose it to us.

Failure to disclose all material facts may invalidate the policy.

This health declaration is valid for two months from the date you complete and sign the form.
