HOW TO ACCESS TREATMENT

YOUR HEALTHCARE COVER

This insurance cover was designed specifically for your stay in Germany. You are fully covered for a period of up to five years by our international health insurance cover.

This guide provides information on how to access treatment and includes some of the basic rules of your group health insurance policy. Information on benefits and further policy rules can be found in "Terms and conditions of insurance for the InboundMed Best 100 plan (group insurance*)", hereafter referred to as "Terms and Conditions" document. Please read this guide in conjunction with your Insurance Certificate, the Terms and Conditions document and Table of Benefits.

Your **Insurance Certificate** details the plan(s) that your company has chosen for you and your dependants (if applicable).

Your **Table of Benefits** provides an overview of your insurance plan and the associated benefits available to you. In addition, it specifies the benefits/treatments for which pre-approval is advisable and confirms the maximum amount payable for each benefit. Your Table of Benefits will be issued in Euro.

The **Terms and Conditions** document indicates the scope of your cover in detail, including a description of the benefits included and the rules of conduct associated with your cover.

For full details of your company's insurance contract, please contact your company's Group Scheme Manager.

Pre-approval is required for treatment of addictions.

In addition, pre-approval is recommended before starting one of the following treatments:

- In-patient treatment
- Infertility treatment
- Prescribed medical aids which are not listed in the "Terms and Conditions" document
- Inlays
- Orthodontic treatment
- Dental prostheses
- Gnathology - functional analytical and therapeutic treatments
- Special dental treatment
- Psychotherapy
- Rehabilitation treatments
- Repatriation and funeral expenses

The pre-approval process helps us to assess each case, organise everything with the hospital before your arrival and facilitate direct payment of your hospital bills, where possible.

Important Note:

Please contact us prior to receiving treatment for infertility or rehabilitation, as cover is restricted to certain treatments or providers. You should also contact us before purchasing prescribed medical aids, as cover is subject to the terms and conditions of your plan.

If it's an emergency:

A medical emergency occurs when immediate assistance is required, i.e. the treatment cannot be delayed until pre-approval can be obtained. If that is the case, please follow the steps below:

1. Get the emergency treatment you need and call us if you need any advice or support.
2. We recommend that either you, your physician, one of your dependants or a colleague call our Helpline to inform us of the hospitalisation. Details can be taken over the phone when you call us.

GETTING OUT-PATIENT TREATMENT INSIDE AND OUTSIDE OF GERMANY

When you visit a doctor, dentist, physician or specialist on an out-patient basis, please settle the bill with them and claim back the eligible expenses from us via the MyHealth app. Alternatively you can also submit a completed Claim Form by post. We will process a medical claim and issue payment instructions to your bank promptly, when all of the required information has been submitted.

We will email or write to you if we require further information to process your claim and/or to advise you of when the claim has been processed.

Please contact us in case of a high cost treatment, as we can discuss payment options and if possible arrange the payment for you.

Available for Apple and Android smartphones and tablets, the MyHealth app allows members to submit medical claims in just three easy steps:

1. Provide a few key details
2. Take a photo of your invoice(s)
3. Submit and you're done

The app also allows you to:

You can also submit a claim by downloading a Claim Form from our website:

www.allianzworldwidecare.com/pkv and following the steps below:

1. Settle your medical bill with your medical provider.
2. Get an invoice from the doctor/dentist which states your name, treatment date(s), the diagnosis/medical condition that you received treatment for, the date of onset of symptoms, the nature of the treatment and the fees charged.
3. Complete sections 1-4 and 7 of the Claim Form (sections 5 and 6 only need to be completed by the doctor/dentist if their invoice does not state the diagnosis and nature of treatment).
4. Send the Claim Form and all supporting documentation, invoices and receipts to us via:
 - Scan and email to:
pkv.claims@allianzworldwidecare.com
 - Fax to: + 353 1 645 4033 or

The number 1 reason for claims not being processed swiftly is incomplete information. Please ensure that all details related to your claim are provided on the Claim Form or invoice.

GETTING IN-PATIENT TREATMENT IN GERMANY

You are free to choose your preferred provider: a public or private hospital, an emergency service facility, a certified doctor or an alternative practitioner (as established by the Alternative Medical Practitioners Law – “Heilpraktikergesetz, HeilprG”). We also cover in-patient treatments in institutions that will carry out physical and medical examinations, laboratory services or x-rays, as well as community health centres, if prescribed by a physician.

We have different billing arrangements with certain providers. Please find below the process for each provider type:

1. **Private hospitals:** We recommend that you contact us first to receive pre-approval and a confirmation if the provider of your choice has direct billing arrangement in place with us. We can help you organise everything with the hospital before your arrival and settle the bill directly, where possible. If the provider do not have billing arrangements in place with us, you will receive an invoice that can be submitted to us for payment. Please make sure that you send us the invoice along with your policy number and information about the medical condition that you received treatment for.
2. **Public hospitals:** With most providers, you simply present you Membership Card and they will bill your general medical expenses directly to us. For private, elective services (such treatment with a medical director), you will receive the invoice which should be submitted to us for payment.
3. **Mixed clinics** (facilities that take care of acute treatments, sanatorium treatments or convalescent treatments): we recommend that you contact us to clarify if the treatment you require is medically necessary. Only with our prior written consent will you be able to ensure that medical costs are covered.

GETTING IN-PATIENT TREATMENT OUTSIDE OF GERMANY

In the event that you or any of your dependants need to be hospitalised outside of Germany, please follow the steps below. Our Medical Team will then be able to verify your cover, authorise pre-approval and facilitate smooth admission into care:

1. Download a Treatment Guarantee Form from our website:
www.allianzworldwidecare.com/pkv
2. Send the completed form to us at least five working days before treatment, by:
 - Scan and email to: pkv.medical@allianzworldwidecare.com
 - Fax to: + 353 1 653 1780 or post to the address shown on the form.
 - Our Helpline can take Treatment Guarantee Form details over the phone if treatment is taking place within 72 hours.

REPATRIATIONS

At the first indication that a medical repatriation is required, please call our 24 hour Helpline and we will take care of everything. Given the urgency of a repatriation, we would advise that you call us, however, you can also contact us by email. When emailing, please include *"Urgent – Repatriation"* in the subject line. Please contact us before talking to any alternative providers, even if approached by them, to avoid potentially inflated charges or unnecessary delays in the repatriation process. In the event that repatriation services are not organised by us, we might ask you to cover some of the costs incurred.
