Always check the patient photo ID

Validating policies/member and cover (phone/online)

Verification of Allianz Partners insured members policy and benefits can be made through our 24hr Helpline department or on our website.

To check validity of the policy and its benefits, the Service Provider should always ask the patient for photo ID and the Allianz Partners membership card recording the following data:

- Patient name and date of birth
- Policy number

Over the Phone

When checking over the phone, our agents will need the information mentioned before.

What information our Helpline can provide:

- Validity of policy / member
- Coverage for treatments / procedures
- Police limits / co-payments / deductibles
- Status of you claim / batch

You can search by policy number (basic search) or do an advance search:

The advance search, gives more option:

- Surname
- Name
- Date of Birth

At least two characters / letters are needed on one or more fields.

Once the data is entered, use the "Search" button to proceed.

The following table lists all members of the policy as well as the date of birth and group to which they belong.

You can also check the policy status on this table. If the policy is Out of Force, do an advance search using the name / surname / date of birth of the patient as per Allianz Partners membership card to make sure there is no other policy under the patient's name. If the policy is In Force proceed as below.

Select the patient by clicking on its name and then click "view policy" to continue search. This button "view search" is only available after selection of patient.

On this page you can see the policy data – policy number; name of policy holder and additional members; policy status (in / out force); date of birth; starting date and renewal / cancelation (in case of policy out of force).

Select Table of Benefits to visualize the coverage of the policy.

- By default "View all" appears, but you can select which member benefits you are looking for by clicking on the arrow
- Plan of insured member you can check if the insured is covered for the procedure/treatment required
- Remaining amount for the benefit / plan (where applicable); if not applicable will be blank
- 4. You can also select the insured member plan by clicking on the name here.
