Worldwide Care

Your healthcare cover

Your health insurance policy is an annual contract between Allianz Worldwide Care and the insured person(s) named on the Insurance Certificate. The contract is composed of:

- The Benefit Guide (this document). This sets out the standard benefits and rules of your health insurance policy and should be read in conjunction with your Insurance Certificate and Table of Benefits.
- The Insurance Certificate. This states the plan(s) chosen, the start date and renewal date of the policy (and effective dates of when dependants were added) as well as the geographical area of cover. Any further special terms unique to your cover will be indicated in the Insurance Certificate (and will have been detailed on a Special Conditions Form issued prior to the inception of your policy). Please note that we will send you a new Insurance Certificate if you request (and we accept) a change such as adding a dependant, or if we apply a change which we are entitled to make.
- The Table of Benefits. This shows the plan(s) selected, the associated benefits available to you, and specifies which benefits/treatments require submission of a Treatment Guarantee Form. It also confirms any benefits to which specific benefit limits, waiting periods, deductibles and/or co-payments apply.
- Information provided to us by, or on behalf of, the insured person(s) in the signed Application Form, submitted Online Application Form, Confirmation of Health Status Form or others (hereafter referred to collectively as the "relevant application form") or other supporting medical information.

Overview

Your Table of Benefits specifies the plan(s) selected and the associated benefits available to you. You will find further details about our benefits in the “Definitions” section of this guide. Not all of the benefits listed in our “Definitions” section are necessarily covered under your policy, which is why it’s important to check which ones are listed in your Table of Benefits. Your cover is subject to our policy definitions, exclusions, benefit limits and any special conditions indicated on the Insurance Certificate. If you have any queries about what you are covered for, please don’t hesitate to call us.

We would like to bring your attention to the following important points:

Benefit limits

There are two kinds of benefit limits shown in the Table of Benefits. **The maximum plan benefit**, which applies to certain plans, is the maximum we will pay for all benefits in total, per member, per Insurance Year, under that particular plan. Some benefits also have a **specific benefit limit**, which may be provided on a “per Insurance Year” basis, a “per lifetime” basis or on a “per event” basis, such as per trip, per visit or per pregnancy. In some instances we will pay a percentage of the costs for the specific benefit e.g. “65% refund, up to £4,150/€5,000/US\$6,750/CHF6,500”. Where a specific benefit limit applies or where the term “Full refund” appears next to certain benefits, the refund is subject to the maximum plan benefit, if one applies to your plan(s). All limits are per member, per Insurance Year, unless otherwise stated in your Table of Benefits.

If you are covered for maternity benefits, these will be stated in your Table of Benefits along with any benefit limit and/or waiting period which applies. Benefit limits for “Routine maternity” and “Complications of childbirth” are payable on either a “per pregnancy” or “per Insurance Year” basis (this will also be confirmed in your Table of Benefits). If your benefit is payable on a “per pregnancy” basis and a pregnancy spans two Insurance Years, please note that if a change is applied to

In-patient treatment for multiple birth babies born as a result of medically assisted reproduction will be covered up to £24,900/€30,000/US\$40,500/CHF39,000 per child for the first three months following birth.

Out-patient treatment will be covered under the limits of the Out-patient Plan.

the benefit limit at policy renewal, the following will apply:

- All eligible expenses incurred in the first year will be subject to the benefit limit that applies in year one.
- All eligible expenses incurred in the second year will be subject to the updated benefit limit that applies in year two, less the total benefit amount reimbursed in year one.
- In the event that the benefit limit decreases in year two and this updated amount has been reached or exceeded by eligible costs incurred in year one, no additional benefit amount will be payable.

Change to country of residence

It is important that you advise us when you change country of residence, as it may impact your cover or premium, even if you are moving to a country within your geographical area of cover. If you move to a country outside of your geographical area of cover, your existing cover will not be valid there.

Please note that cover in some countries is subject to local health insurance restrictions, particularly for residents of that country. It is your responsibility to ensure that your healthcare cover is legally appropriate. If you are in any doubt, please seek independent legal advice as we may no longer be able to provide you with cover. The cover provided by Allianz Worldwide Care is not a substitute for local compulsory health insurance e.g. for members resident in Germany, our cover is not a legally appropriate substitute for German compulsory health insurance.

Medical necessity and customary charges

This policy provides cover for medical treatment, related costs, services and/or supplies that we determine to be medically necessary and appropriate to treat a patient's condition, illness or injury. Plus we will only pay for medical costs which are fair and reasonable and at the level customarily charged in the specific country and for the treatment provided, in accordance with standard and generally accepted medical procedures. If the costs of a claim are deemed by us to be too high, or the claim is not deemed to be medically necessary we reserve the right to reduce the amount payable by us.

Pre-existing conditions

Pre-existing conditions are medical conditions or any related conditions for which one or more symptoms have been displayed at some point during your lifetime, irrespective of whether any medical treatment or advice was sought. Any such condition or related condition, about which you or your dependants could reasonably have been assumed to have known before the start date of the policy, will be deemed to be pre-existing.

Please refer to the "Notes" section of your Table of Benefits to confirm if pre-existing conditions are covered. Pre-existing conditions which have not been declared on the relevant application form are not covered. Plus, conditions arising between completing the relevant application form and the start date of the policy will equally be deemed to be pre-existing. Such pre-existing conditions will also be subject to medical underwriting and, if not disclosed, they will not be covered.

Definitions

The following definitions apply to benefits included in our range of Healthcare Plans and to some other commonly used terms. The benefits you are covered for are listed in your Table of Benefits. If any unique benefits apply to your plan(s), the definition will appear in the "Notes" section at the end of your Table of Benefits. Wherever the following words/phrases appear in your policy documents, they will always be defined as follows.

If cover is provided for these benefits, it will be listed separately in the Table of Benefits.

- 1.22 **Emergency out-patient dental treatment** is treatment received in a dental surgery/hospital emergency room for the immediate relief of dental pain caused by an accident or an injury to a sound natural tooth, including pulpotomy or pulpectomy and the subsequent temporary fillings, limited to three fillings per Insurance Year. The treatment must be received within 24 hours of the accident. This does not include any form of dental prostheses permanent restorations or the continuation of root canal treatment. If you also selected a Dental Plan, you will be covered under the terms of this plan for dental treatment in excess of the (Core Plan) emergency out-patient dental treatment benefit limit.
- 1.23 **Emergency out-patient treatment** is treatment received in a casualty ward/emergency room within 24 hours of an accident or sudden illness, where the insured does not, out of medical necessity, occupy a hospital bed. Cover is provided up to a maximum period of six weeks per trip within the maximum benefit amount and includes treatment required in the event of an accident, or the sudden beginning or worsening of a severe illness which presents an immediate threat to your health. Treatment by a physician, medical practitioner or specialist must commence within 24 hours of the emergency event. Cover is not provided for any curative or follow-up non-emergency treatment, even if you are deemed unable to travel to a country within your geographical area of cover, nor does it cover charges relating to maternity, pregnancy, childbirth or any complications of pregnancy or childbirth. Please advise us if you are moving outside your area of cover for more than six weeks.
- 1.25 **Expenses for one person accompanying an evacuated/repatriated person** refer to the cost of one person travelling with the evacuated/repatriated person. If this cannot take place in the same transportation vehicle, transport at economy rates will be paid for. Following completion of treatment, we will also cover the cost of the return trip, at economy rates, for the accompanying person to return to the country from where the evacuation/repatriation originated. Cover does not extend to hotel accommodation or other related expenses.

- 1.30 **Hospital accommodation** refers to standard private or semi-private accommodation as indicated in the Table of Benefits. Deluxe, executive rooms and suites are not covered. Please note that the hospital accommodation benefit only applies where no other benefit included in your plan covers the required in-patient treatment. In this case, hospital accommodation costs will be covered under the more specific in-patient benefit, up to the benefit limit stated. Psychiatry and psychotherapy, organ transplant, oncology, routine maternity, palliative care and long term care are examples of in-patient benefits which include cover for hospital accommodation costs, up to the benefit limit stated, where included in your plan.
- 1.31 **Infertility treatment** refers to treatment for the insured person including all invasive investigative procedures necessary to establish the cause for infertility such as hysterosalpingogram, laparoscopy or hysteroscopy. If the Table of Benefits does not have a specific benefit for infertility treatment, cover is limited to non-invasive investigations into the cause of infertility, within the limits of your Out-patient Plan (if selected) and this does not apply to members of the Channel Islands Plan, for whom investigation into infertility is excluded. If however, there is a specific benefit for infertility treatment, the cost for infertility treatment will be covered for the insured member who receives the treatment, up to the limit indicated in your Table of Benefits. Any costs exceeding the benefit limit cannot be claimed under the cover of the spouse/partner (if included in the policy). In the case of In-Vitro Fertilisation (IVF), cover is limited to the amount specified in the Table of Benefits. We will evacuate the insured person to the nearest appropriate medical centre (which may or may not be located in the insured person's home country) by ambulance, helicopter or aeroplane. The medical evacuation, which should be requested by your physician, will be carried out in the most economical way having regard to the medical condition. Following completion of treatment, we will also cover the cost of the return trip, at economy rates, for the evacuated member to return to his/her principal country of residence.

If medical necessity prevents the insured person from undertaking the evacuation or transportation following discharge from an **in-patient episode of care**, we will cover the reasonable cost of hotel accommodation up to a maximum of seven days, comprising of a private room with en-suite facilities, up to the amounts specified in the Table of Benefits. We do not cover costs for hotel suites, four or five star hotel accommodation or hotel accommodation for an accompanying person.

Where an insured person has been evacuated to the nearest appropriate medical centre for **ongoing treatment**, we will agree to cover the reasonable cost of hotel accommodation comprising of a private room with en-suite facilities up to the amounts specified in the Table of Benefits. The cost of such accommodation must be more economical than successive transportation costs to/from the nearest appropriate medical centre and the principal country of residence. Hotel accommodation for an accompanying person is not covered.

Where adequately screened blood is not available locally, we will, where appropriate, endeavour to locate and transport screened blood and sterile transfusion equipment, where this is advised by the treating physician. We will also endeavour to do this when our medical experts so advise. Members must contact Allianz Worldwide Care at the first indication that an evacuation is required. This only applies when your home country is located within your geographical area of cover.

Following completion of treatment, we will also cover the cost of the return trip, at economy rates, to your principal country of residence. The return journey must be made within one month after treatment has been completed.

Members must contact Allianz Worldwide Care at the first indication that repatriation is required. From this point onwards Allianz Worldwide Care will organise and coordinate all stages of the repatriation until the insured person is safely received into care at their destination. Any medically necessary follow-up investigations and treatment are covered under the newborn's own policy. Please note that for multiple birth babies born as a result of medically assisted reproduction, in-patient treatment is limited to £24,900/€30,000/US\$40,500/CHF39,000 per child for the first three months following birth. Out-patient treatment is paid within the terms of the Out-patient Plan.

Physiotherapy (either prescribed, or a combination of non-prescribed and prescribed treatment) is initially restricted to 12 sessions per condition, after which the treatment must be reviewed by the referring medical practitioner. Should further sessions be required, a progress report must be submitted to us, which indicates the medical necessity for any further treatment. Conditions arising between completing the relevant application form and the start date of the policy will equally be deemed to be pre-existing. 2. Cancellation:

We are entitled to cancel your policy where you have not paid the full premium due and owing as set out in the 'Paying premiums' section.

In the event of cancellation in the above case, we shall refund the premium paid on a pro rata basis.

You are entitled to cancel your policy:

- 1.1** With effect from the next renewal date by giving us a minimum of 2 months notice by registered letter. Termination will take effect from the next renewal date.
- 1.2** In the event of a reduction in insurance risk, if we do not agree to a consequent reduction of the premium. Termination will take effect 30 days following such refusal by us. This clause does not apply in circumstances where an insured person's state of health has changed.

You may notify us of your intention to cancel your policy either by "déclaration faite contre récépissé" (a declaration which confirms your intention to cancel the policy), or "acte extrajudiciaire" (written confirmation by a notary, confirming your intention to cancel your policy), or by registered letter.

- 3. Data protection:** Allianz Worldwide Care, a member of the Allianz Group, is a French authorised insurance company. We obtain and process personal information for the purposes of preparing quotations, underwriting policies, collecting premium, paying claims and for any other purpose which is directly related to administering policies in accordance with the insurance contract. The confidentiality of patient and member information is of paramount concern to us. You have a right to access the personal data that is held about you. You also have the right to request that we amend or delete any information which you believe is inaccurate or out of date. We will not retain your data for longer than is necessary for the purposes for which it was obtained.

5. Fraud and non disclosure:

- a) Incorrect disclosure/non-disclosure or intentional false statement of any material facts, by you or your dependants, which changes the nature or affects our assessment of the risk will render the contract void from the commencement date, unless we confirm otherwise in writing. This includes, but is not limited to, those material facts declared on the relevant application form or in relation to an increased risk during the term of the policy. If the contract is rendered void due to incorrect disclosure / non-disclosure or intentional false statement of any material facts, premium will not be refunded in part or in whole.

Where incorrect disclosure/non-disclosure is established, but is not intentional, the insurer is entitled to either increase the amount of your premium, or terminate your policy 10 days after we have provided you with written notice to this effect. In the latter case, we will refund the portion of the premium paid for the time where you are no longer on cover. If an eligible claim has been submitted, we shall reduce the amount of the claim payment in proportion to the rate of the premium which would have been paid if the facts had been fully and accurately stated.

Conditions arising between completing the relevant application form and the start date of the policy will be deemed to be pre-existing and will not be covered if not disclosed. If the applicant is not sure whether something is material, the applicant is obliged to inform us.

- b) If a claim is, in any respect, false, fraudulent, intentionally exaggerated or if fraudulent means/devices have been used by you or your dependants

or anyone acting on your or their behalf to obtain benefit under this policy, we will not pay any benefits for that claim. The amount of any claim settlement made to you, before the fraudulent act or omission was discovered, will become immediately due and owing to us. If fraudulent means/devices have been used, premium will not be refunded, in part or in whole, and any pending claims settlements will be forfeited.

6. **Legal action:** All legal actions arising from an insurance policy shall have a time limit of two years from the date of the event that gave rise to the action.

However, the limitation period shall not apply in the following circumstances:

- In the event of non-disclosure, omission, fraudulent representation or misrepresentation of the risk incurred. In this instance the time period shall begin from the date on which we become aware of the non-disclosure, omission, fraudulent representation or misrepresentation.
- If the relevant party proves that they were unaware of such facts that gave rise to the action. The limitation period shall start from the date the party becomes aware of such facts that led to the action.

If a legal action is due to a third party claim, the limitation period shall only run from the date on which the third party initiates a legal action against an insured person or was compensated by the insured person.

In case of accidental death, the limitation period is extended to ten years for insurance contracts covering personal accidents, where the persons entitled to benefit are the beneficiaries of the deceased insured person.

The limitation period is interrupted by one of the common causes:

If we need to make contact in relation to a dependant on a policy (e.g. where further information is required to process a claim), the policyholder, acting for and on behalf of the dependant, may be contacted by us and asked to provide the relevant information. Similarly, all information in relation to any person covered by the insurance policy, for the purposes of administering claims, may be sent directly to the policyholder.

a) Any differences in respect of medical opinion in connection with the results of an accident or medical condition must be notified to us within nine weeks of the decision. Such differences will be settled between two medical experts appointed by you and us in writing.

b) If differences cannot be resolved in accordance with Clause 9.a above, the parties shall attempt to settle by mediation in accordance with the Centre for Effective Dispute Resolution (CEDR) Model Mediation Procedure any dispute, controversy or claim arising out of or relating to this Agreement or the breach, termination or invalidity thereof where the value is €500,000 or less and which cannot be settled amicably between the parties. To initiate the mediation, a party must give notice in writing ("Alternative Dispute Resolution notice") to the other party to the dispute, requesting mediation. A copy of the request should be sent to CEDR. The mediation will start no later than 14 days after the date of the ADR notice. No party may commence court proceedings/arbitration relating to any dispute

pursuant to this Clause 9b until it has attempted to settle the dispute by mediation and either the mediation has terminated or the other party has failed to participate in the mediation (provided that the right to issue proceedings is not prejudiced by a delay). The mediation will take place in Paris (France). The Mediation Agreement referred to in the Model Procedure shall be governed by, and construed and take effect in accordance with the laws of France. The Courts of France shall have exclusive jurisdiction to settle any claim, dispute or matter of difference which may arise out of, or in connection with, the mediation.

- c) Any dispute, controversy or claim which is:
 - Arising out of or relating to this Agreement (or the breach, termination or invalidity thereof) with a value in excess of €500,000, or
 - Referred to mediation pursuant to Clause 9b but not voluntarily settled by mediation within three months of the ADR Notice date shall be determined exclusively by the Courts of France and the parties will submit to the exclusive jurisdiction of those courts. Any proceedings brought pursuant to this Clause 9c shall be issued within nine calendar months of the expiration date of the aforementioned three month period.

10. Third party liability: If you or any of your dependants are eligible to claim benefits under a public scheme or any other insurance policy which pertains to a claim submitted to us, we reserve the right to decline to pay benefits. You must inform us and provide all necessary information if and when you are entitled to a claim from a third party. You and the third party may not agree any final settlement or waive our right to recover outlays without our prior written agreement. Otherwise, we are entitled to recover the amounts paid from you and to cancel the policy. We have full rights of subrogation and may institute proceedings in your name, but at our expense, to recover, for our benefit, the amount of any payment made under another policy.

General information

Adding dependants

You may apply to include any of your family members on the policy by completing the relevant application form.

Newborn infants (with the exception of multiple birth babies, adopted and fostered babies) will be accepted for cover from birth without medical underwriting, provided that we are notified within four weeks of the date of birth and the birth parent or intended parent has been insured with us for a minimum of six continuous months. To notify us of your intention to have your newborn child included on your policy, please email your request, with a copy of the birth certificate, to our Underwriting Team at: underwriting@allianzworldwidecare.com.

Notification of the birth after four weeks will result in newborn children being underwritten and cover will only commence from the date of acceptance. Please note that all multiple birth babies, adopted and fostered children will be subject to full medical underwriting and cover will only commence from the date of acceptance.

Following acceptance by our Underwriting Team, we will issue a new Insurance Certificate to reflect the addition of a dependant, and this certificate will replace any earlier version(s) you may have from the start date shown on the new Insurance Certificate.

Changes to policyholder

If a request is made at renewal to change the policyholder, the proposed replacement policyholder will be required to complete an application form and full medical underwriting will apply. (Please refer to the section on "Death of the policyholder or a dependant" if this requested change is due to the death of the policyholder).

Changes to premium, other charges or your cover

We may change the premium, benefits and rules of your membership on your renewal date, including how we calculate/determine premiums and/or the method or frequency of payment. These changes will only apply from your renewal date, regardless of when the change is made and we will not add any restrictions or exclusions which are personal to a member's cover in relation to

medical conditions that started after their policy's inception, provided that they gave us the information we asked them for before incepting and they have not applied for an increase in their level of cover.

Please note that we may change the amount you have to pay us in respect of special tax on insurance contract (Taxe de Solidarité Additionnelle (TSA)) or other taxes, levies or charges at any time, if there is a change in the rate of TSA or any new tax, levy or charge is introduced or changed.

We will write to tell you about any changes. If you do not accept any of the changes we make, you can end your membership and we will treat the changes as not having been made if you end your membership within 30 days of the date on which the changes take effect, or within 30 days of us telling you about the changes, whichever is later.

If you want to change your level of cover, please contact us before your policy renewal date to discuss your options, as changes to cover can only be made at policy renewal. If you want to increase your level of cover, we may ask you to complete a medical history questionnaire and/or to agree to certain exclusions or restrictions to any additional cover before we accept your application. If an increase in cover is accepted, an additional premium amount will be payable and waiting periods may apply.

Changing your address/email address

All correspondence will be sent to the details we have on record for you unless requested otherwise. Any change in your home, business or email address should be communicated to us in writing as soon as possible.

- b) If your contract is a top-up to the CFE or if you are affiliated to the French social security, we require the cerfa treatment form ("Feuille de soins", supplied by your medical provider) for all treatments received in France.
- c) A separate Claim Form is required for each person claiming and for each medical condition being claimed for.
- d) It is your responsibility to retain any original supporting documentation (e.g. medical receipts) where copies are submitted to us, as we reserve

the right to request original supporting documentation/receipts up to 12 months (or for up to two years for claims on CFE or French social security policies) after claims settlement, for auditing purposes. . We also reserve the right to request a proof of payment by you (e.g. bank or credit card statement) in respect of your medical receipts. We advise that you keep copies of all correspondence with us as we cannot be held responsible for correspondence that does not reach us for any reason that is outside of our reasonable control.

- e) If the amount to be claimed is less than the deductible figure under your plan, keep collecting all out-patient receipts and claim forms until you reach an amount in excess of your plan deductible, then forward to us all completed Claim Forms together with original receipts/invoices.
- f) Please specify on the Claim Form the currency in which you wish to be paid. Unfortunately, on rare occasions, we may not be able to make a payment in the currency you requested on the Claim Form, due to international banking regulations. In this instance we will review each case individually to identify a suitable alternative currency option. If we have to make a conversion from one currency to another, we will use the exchange rate that applies on the date on which the invoices were issued, or we will use the exchange rate that applies on the date that claims payment is made. Please note that we reserve the right to choose which currency exchange rate to apply.
- g) Only costs incurred as a result of eligible treatment will be reimbursed within the limits of your policy, after taking into consideration any Treatment Guarantee requirements. Any deductibles or co-payments outlined in the Table of Benefits will be taken into account when calculating the amount to be reimbursed.
- h) If you are required to pay a deposit in advance of any medical treatment, the cost incurred will only be reimbursed after treatment has taken place.
- i) You and your dependants agree to assist us in obtaining all necessary information to process a claim, and agree to waive any rights that you/they have to medical secrecy/confidentiality in respect of any medical records pertaining to your/their medical condition. You also authorise medical practitioners, doctors, dentists, healthcare professionals, hospital employees and health services to communicate any relevant information relating to your medical condition to our medical adviser(s) or to any third party expert(s) in case of disputes, subject to any legal restrictions which may apply. We may, at our own expense, request a medical examination by our medical representative when we deem this to be necessary. All information

will be treated in strict confidence. We reserve the right to withhold benefits if you or your dependants have not honoured these obligations.

Reimbursement of eligible expenses under your policy incurred in respect of an illness, maternity or an accident, shall not exceed the costs that the insured person paid, following any additional reimbursement to which the insured person is entitled to receive. This includes payments made under article L.861-3 of the French Social Security Code. In addition, insurance cover of the same kind taken out with multiple insurers will only take effect within the limit of each insurance cover, regardless of the start date of each insurance policy.

Continuation of cover

If you are in receipt of continued coverage from us in accordance with Article 4 of Law No. 89-100 dated 31st December, 1989 (as amended by Act No. 94-678 dated 8th August 1994) ('Loi Evin'), we may require, at our discretion, you (or any dependant benefitting from such continued coverage) to prove your/ their entitlement to such continued cover. If you are in receipt of continued coverage you shall immediately notify us in the event that your entitlement to continued cover changes, including where you lose your entitlement to disability, incapacity, retirement or income substitution benefits. You should notify us of any such changes by registered letter within 14 days of the date you became aware of same.

Correspondence

*Please note that
as an expatriate
living abroad,
you are covered
for eligible costs
incurred in your
home country,
provided that your
home country is
within your area
of cover.*

Written correspondence between us must be sent by email or post (with the postage paid). We do not usually return original documents to you, unless you specifically request us to do so at the time of submission.

Countries where you can receive treatment

If the necessary medical treatment for which you are covered is not available locally, you can avail of treatment in any country within your geographical area of cover (your area of cover is confirmed in your Insurance Certificate). In order to seek reimbursement for medical treatment and travel expenses incurred, Treatment Guarantee is required prior to travel.

If the necessary medical treatment for which you are covered is available locally, but you choose to travel to another country within your geographical area of cover for treatment, we will reimburse all eligible medical costs incurred within the terms of your policy; however, we will not pay for travel expenses.

Death of the policyholder or a dependant

We hope you will never need to refer to this section; however, if a policyholder or a dependant dies, please inform us in writing within 28 days.

If the policyholder dies, the policy will be terminated and a pro rata repayment of the current year's premium will be made if no claims have been filed (please note that we reserve the right to request a death certificate before a refund is issued). Alternatively, if they wish to, the next named dependant on the Insurance Certificate may apply to become the policyholder in his/her own

right (if they meet the minimum age requirements), and include the other dependants under his/her membership. If they apply to do this within 28 days we will, at our discretion, not add any further special restrictions or exclusions applicable to them, in addition to those which already applied to them at the time of the policyholder's death.

If a dependant dies, they will be taken off the policy and a pro rata repayment of the current year's premium for that member will be made, if no claims have been filed (please note that we reserve the right to request a death certificate before a refund is issued).

client.services@allianzworldwidecare.com

Customer Advocacy Team, Allianz Worldwide Care, 15 Joyce Way, Park West Business Campus, Nangor Road, Dublin 12, Ireland.

We will handle your complaint according to our internal complaint management procedure detailed at: www.allianzworldwidecare.com/complaints-procedure. You can also contact our Helpline to obtain a copy of this procedure.

Other parties

No other person (except an appointed representative) is allowed to make or confirm any changes to your membership on your behalf, or decide not to enforce any of our rights. No change to your membership will be valid unless it is confirmed in writing by Allianz Worldwide Care.

Paying premiums

Premiums for each Insurance Year are based on each member's age on the first day of the Insurance Year, their region of cover, the policyholder's country of residence, the premium rates in effect and other risk factors which may materially affect the insurance.

By accepting cover you have agreed to pay the premium amount shown on your quotation, by the payment method stated. You are required to pay the premium due to us in advance for the duration of your membership. The initial/first premium instalment is payable immediately after our acceptance of your application. Subsequent premiums are due on the first day of the chosen payment period. You may choose between monthly, quarterly, half-yearly or

annual payments depending on the payment method you choose. Please note that if there is any difference between the agreed quotation and your invoice, you should contact us immediately. We are not responsible for payments made through third parties.

Your premium should be paid in the currency you selected when applying for cover. If you are unable to pay your premium for any reason, please contact us on: +353 1 630 1301. Changes in payment terms can be made at policy renewal, via written instructions, which must be received by us a minimum of 30 days prior to the renewal date.

Failure to pay an initial premium or subsequent premium on time may result in loss of insurance cover and we shall have no liability to pay claims for any Insurance Year for which the full premium has not been received.

If the premium due is not paid, we shall suspend your cover 30 days after we have provided you with written notice by registered letter. Your policy shall then be deemed cancelled if the premium due has not been paid, ten days after expiry of the thirty day notice period.

However, if the outstanding premium (i.e. all premium payments or instalments subject to the formal notice issued by registered letter, together with any premium instalments falling due during the suspension period as well as any costs of recovery) is received by us prior to cancellation taking effect, cover shall resume its effect from midday on the day after we receive the full amount outstanding

After cancellation we may allow your membership to continue without you having to complete a Confirmation of Health Status Form, if you pay the outstanding premiums within 30 days of the date of cancellation.

Paying other charges

In addition to paying premiums, you also have to pay us the amount of any special tax on insurance contract (TSA), taxes, levies or charges relating to your membership (or new taxes, levies or charges that may be imposed after you join) that we are required by law to pay or to collect from you. The amount of any TSA or taxes, levies or charges that you have to pay us is shown on your invoice.

Policy expiry

Please note that upon the expiry of your policy, your right to reimbursement ends. Any eligible expenses incurred during the period of cover shall be

reimbursed up to two years after the treatment date. However, any on-going or further treatment that is required after the expiry date of your policy will no longer be covered.

Reasons your cover would end

Please remember that your cover (and that of all the other people listed on the Insurance Certificate) will end:

- If you do not pay the full premium due and owing as set out in the 'Paying premiums' section.
- If you do not pay the amount of any TSA, taxes, levies or charges that you have to pay under your agreement with us on or before the due date.
- Upon the death of the policyholder. Please see the section on "Death of the policyholder or a dependant" (pages 31-32) for further details.
- If there is reasonable evidence that the policyholder or any dependants misled or attempted to mislead us i.e. giving false information, withholding pertinent information from us, or working with another party to give us false information, either intentionally or carelessly, which may influence us when deciding whether they can join the scheme, the applicable premium to pay or whether we have to pay a claim. Please see the section on "Additional terms" (pages 21-26) for further details.
- If you choose to cancel your policy, after giving us written notice within 30 days of receiving the full terms and conditions or from the start/renewal date of your policy, whichever is later. Please see section on "Your right to cancel" (page 37) for further details.

Unless otherwise specified, if your cover ends for reasons other than for non-disclosure we will refund any premiums you have paid which relate to a period after your cover has ended, subject to the deduction of any money which you owe us.

Please note that if your cover ceases, your dependant's cover will also end.

Renewing your policy

Your policy is automatically renewed for a maximum period of one year provided that the plan/plan combination selected is still available, we can continue to provide cover in your country of residence, all premiums due to us

have been paid and the payment details we have for you are still valid on the renewal date. Please update us if you get a new/replacement credit card or if your bank account details have changed.

As part of this automatic process, one month before the renewal date, you will receive a new Insurance Certificate along with details of any policy changes. If you do not receive your Insurance Certificate one month before your renewal date, it is important that you notify us.

We have the right to apply revised policy terms and conditions, effective from the renewal date. The policy terms and conditions and the Table of Benefits that exist at renewal will apply for the duration of the Insurance Year.

Treatment Guarantee

Your Table of Benefits will confirm which benefits available to you require pre-authorisation through submission of a Treatment Guarantee Form.

If a Treatment Guarantee Form is not submitted to us, the following will apply:

- If the treatment received is subsequently proven to be medically unnecessary, **we reserve the right to decline your claim.**
- For the benefits listed in the Table of Benefits with a **1**, **we reserve the right to decline your claim.** If the respective treatment is subsequently proven to be medically necessary, we will pay only **80%** of the eligible benefit.
- For the benefits listed in the Table of Benefits with a **2**, **we reserve the right to decline your claim.** If the respective treatment is subsequently proven to be medically necessary, we will pay only **50%** of the eligible benefit.

Treatment in the USA

If you have "Worldwide" cover and wish to locate a medical provider in the USA, simply go to: www.allianzworldwidecare.com/olympus. If you have a query about a medical provider, or if you have selected a provider and wish to arrange an appointment, please call (toll-free from the USA): (+1) 800 541 1983. You can also apply for a discount pharmacy card which can be used any time your prescription is not covered by your healthcare policy. To register and obtain your discount pharmacy card, simply go to: <http://members.omhc.com.awc/prescriptions.html> and click on "Print Discount Card".

Please note that treatment in the USA is not covered, if we know that cover was purchased for the purpose of travelling to the USA to receive treatment for a condition, when the symptoms of the condition were apparent to the insured person prior to the purchase of cover. If any claims have been paid by us in relation to the treatment described above, we reserve the right to seek reimbursement from the insured person of any amounts which have already been paid in claims.

Treatment needed as a result of somebody else's fault

If you are claiming for treatment that is needed when somebody else is at fault, you must write and tell us as soon as possible e.g. if you need treatment for an injury suffered in a road accident in which you are a victim. Please take any reasonable steps we ask of you to obtain the insurance details of the person at fault so that we can recover, from the other insurer, the cost of the treatment paid for by us. If you are able to recover the cost of any treatment for which we have paid, you must repay that amount (and any interest) to us.

When cover starts for you and your dependants

Our acceptance of your application for cover is confirmed when we issue your Insurance Certificate and your cover is valid from the start date shown on the certificate. Please note that no benefit will be payable under your policy until the initial premium has been paid, with subsequent premiums being paid when due.

If any other person is included as a dependant under your cover, their cover will start on the effective date as shown on your most recent Insurance Certificate which lists them as a dependant. Their cover may continue for as long as you

remain the policyholder and as long as any child dependants remain under the defined age limit. Child dependants can be covered under your policy up until the day before their 18th birthday; or up until the day before their 24th birthday if they are in full time education. At that time, they may apply for cover in their own right, should they wish to do so.

Your right to cancel

You can cancel the contract in relation to all insured persons, or only in relation to one or more dependants, within 30 days of receiving the full terms and conditions of your policy or from the start/renewal date of your policy, whichever is later. Please note that you cannot backdate the cancellation of your membership.

Should you wish to cancel, please complete the "Right to change your mind" form which was included in your welcome/renewal pack. This form can be sent to us via email to: underwriting@allianzworldwidecare.com. Alternatively, you can post this form to the Client Services Team, using the address provided at the back of this guide.

If you cancel your contract within this 30 day period, you will be entitled to a full refund of the cancelled member(s) premiums paid for the new Insurance Year, provided that no claims have been made. If you choose not to cancel (or amend) your policy within this 30 day period, the insurance contract will be binding on both parties and the full premium owing for the selected Insurance Year will be due for payment, according to the payment frequency selected by you.

Getting treatment

First, please check that your plan covers the treatment you are seeking. Your Table of Benefits will confirm which benefits are available to you, however you can always call our Helpline if you have any queries.

- Occupational therapy (only out-patient treatment requires pre-authorization).
- Oncology (only in-patient or day-care treatment requires pre-authorization).
- Out-patient surgery.
- Palliative care.

Evacuations and repatriations

At the first indication that a medical evacuation/repatriation is required, please call our 24 hour Helpline (contact details can be found on the back of this detachable section) and we will take care of everything. Given the urgency of an evacuation/repatriation, we would advise that you call us, however, you can also contact us by email at: medical.services@allianzworldwidecare.com. When emailing, please include "Urgent – Evacuation/Repatriation" in the subject line. Please contact us before talking to any alternative providers, even if approached by them, to avoid potentially inflated charges or unnecessary delays in the evacuation process. In the event that evacuation/repatriation services are not organised by Allianz Worldwide Care we reserve the right to decline all costs incurred.
